RUNNER TESTIMONIALS

- This was my 4th and favorite half marathon! The course was great and I PR'd by 3 whole minutes! I also loved that the locals were out cheering on the runners and offering orange slices. Great atmosphere, well organized, stress-free event, and an all-around awesome run!
- This was a great running event experience, and a great excuse to go to the beach. We stayed at the Carolina Ocean Front Hotel - had an excellent ocean front room on the third floor - ate at several excellent restaurants and some melt-in-your mouth Duck Donuts - Really enjoyed my four days.
- It was all great. The shirts are beautiful and the medals were so well crafted. The enthusiasm was high. I appreciated the phone number that you gave us in case we needed help and also the BioFreeze that was at the med tent. Thank you so much!!
